

BayREN is a collaboration of the 9 counties that make up the San Francisco Bay Area. BayREN implements effective energy saving programs on a regional level and draws on the expertise, experience, and proven track record of Bay Area local governments to develop and administer successful climate, resource, and sustainability programs.

## SINGLE FAMILY

BayREN is the exclusive administrator of Energy Upgrade California® Home Upgrade and the Advanced Home Upgrade Assessment Incentive for single family homeowners in the Bay Area. BayREN provides rebates of up to \$3,000 for Home Upgrade and \$300 for homeowners who have completed an energy assessment through the utility-administered Advanced program. BayREN also offers a Home Upgrade Advisor Service which provides free technical and one-on-one assistance to home owners and contractors.

Home Upgrade Projects Completed - Cumulative

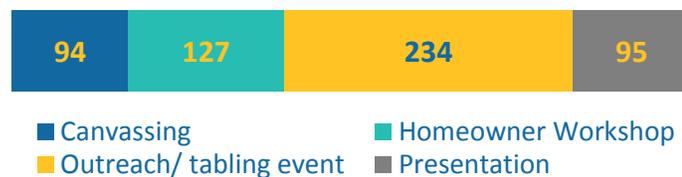

### Home Upgrade

Incentives Paid  
# 3,610 | \$ 8,354,420

### Home Upgrade Advising

### Participating Contractors

**CODES & STANDARDS**

**Compliance Improvement**

C&S activities are designed to enhance energy code compliance processes in building departments and promote regional best practices. Expanding upon the Permit Resource Opportunity Program work from 2014/2015, 2016 Compliance Improvement activities will focus on tools and resources that increase building departments' understanding of how to improve code compliance and enforcement in a streamlined manner.

**Trainings**

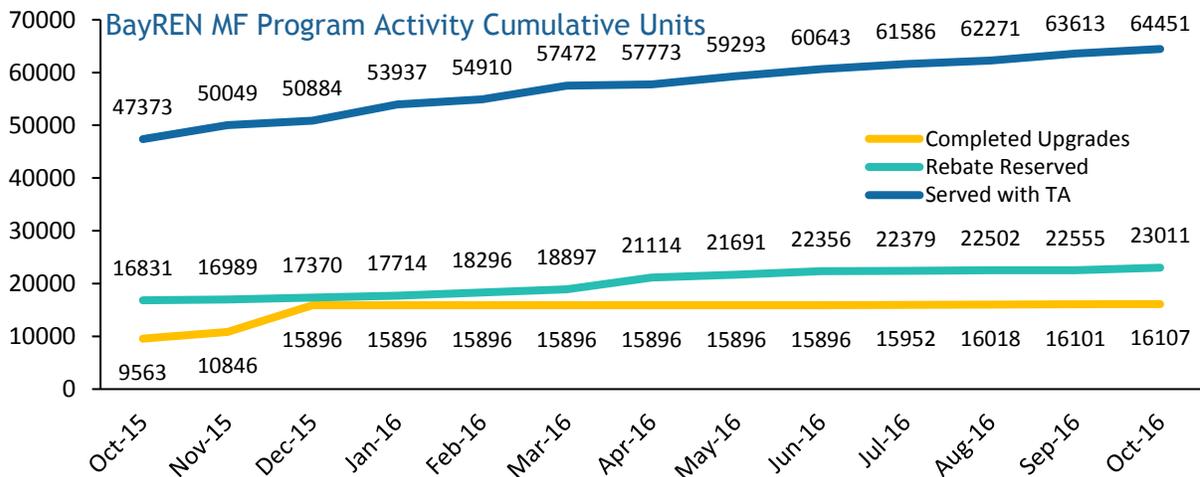

Trainings are intended for both local officials and the private sector building community members interested in learning about new energy code development and best practices to improve code compliance and enforcement. Over 690 local building department staff have been trained to date.

**Regional Forums**

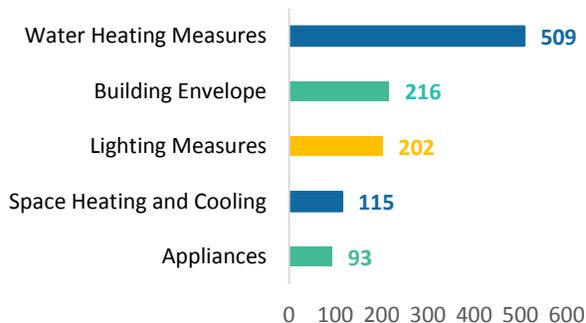

Regional Forums are workshops targeting elected officials, local building departments, and regional C&S advocates to share best practices on how to resolve regional policy and programmatic design issues. The September Regional Forum had 77 attendees. The November Forum will be held at the David Brower Center in Berkeley, CA on November 16 and will be covering zero energy buildings for local governments and include a tour of the West Berkeley Library.

**MULTIFAMILY**

The BayREN Multifamily program offers property owners free technical assistance and rebates of \$750 per unit for saving 15% or more of their whole building's energy usage. The program is extremely popular, and to date, 16,107 units have completed, receiving \$12,079,422.13 in rebates.

**Completed Projects: Measure Types**

**Multifamily Metrics**

- Total Projects Completed: 252 Projects
- Average Project Size: 64 Units
- Average Estimated Savings: 16.0%
- Average Estimated Savings per Completed Unit: 443 kWh & 32 Therms
