

Local Governments Empowering Our Communities

# Home+ Program: Qualified Contractors

*Last updated: 10/31/2024*

This document provides an alphabetical list of qualified contractors who participated in the Home+ program and completed projects in 2024. These contractors demonstrated expertise in installing energy-efficient upgrades, such as insulation, heating, and cooling. For details on our vetting process, please see the Home+ enrolled contractor requirements on page 14.

**This list is a public resource to help participants find contractors experienced in home electric upgrades.** No endorsement of any contractor is made or implied. This list is provided "AS-IS," with no warranty or representation regarding the quality of work by any listed contractor. It is your responsibility to assess whether a contractor is capable of satisfactorily performing the work you need.

## Home+ Enrolled Contractor Requirements

- Primary Building Performance Institute (BPI) Building Analyst certificate and BPI best practices training
- Proof of active CSLB license
- Certificate of insurance
- Home Performance and Building Science Best Practices Training
- Satisfactorily complete an appropriate number of jobs to result in three (3) inspections within the first three (3) months of entering the program.
- Uphold program standards:
  - Meet all applicable building codes
  - Maintain passing grade through subsequent Quality Assurance / Quality Control inspections (in-person and virtual)
  - Before receiving a rebate for Certain Program measures, it is required that a certified BPI Building Analyst complete a CAS Test according to ANSI/BPI-1200-S-2015 Standards
