

Group 5

Challenges

- ° Jurisdictions not accepting Interval Load Data Calculations
 - ° Homes using more and more energy
- ° Misunderstanding of panel sizes/limitations
- ° Some jurisdictions have limited comm. between planning and inspections.
- ° Lack of training for inspectors and installers.

Opportunities

- ° Systems for panel efficiency, "Dummy-Proofing"
- ° Jurisdictions accepting Interval Load Data
 - Training required, pilot programs.
- ° Indicate future opportunities on permits
- ° Permitting checklists, face-to-face help
